

Community Foundation of the Florida Keys Board of Governors Resolution

Whereas Dr. W. Ann Reynolds has been an indispensable member of the Community Foundation of the Florida Keys Board of Governors for the full triple term of nine years, and

Whereas her acute intellect, probing questions, generosity, and wisdom have helped the Community Foundation grow substantially during that time, and

Whereas the evidence of that contribution is clear in the tribute published today in the *Key West Citizen*, and

Whereas she enjoys a special place in the minds and hearts of those who have worked with her, and

Whereas we hope she will continue to stay in touch with us even as she moves her impressive talents toward her other community interests,

Therefore be it resolved that the Board of Governors honors Ann Reynolds for the gifts she has brought to her time with us, thanks her for her fellowship, friendship, and dedication to the long-term betterment of the Florida Keys, and wishes her continuing success and happiness in all she undertakes.
